Dear Dr. Haskell:

Thank you for your time during our phone conversation this afternoon and for your willingness to permit PETA an extension until March 1, 2007, within which to file its 2006 Annual Animal Summary Report due to the fact that both me and PETA's department director responsible for completing the Report are involved in what is scheduled to be a two-week long trial in North Carolina. Of course, as I stated, the trial could continue beyond two weeks and we will need adequate time to create and review the Report to ensure its accuracy before submission.

Thank you for your kind consideration.

Very truly yours,

Jeffrey S. Kerr
